

IL CONTE VILLA PRANDONE

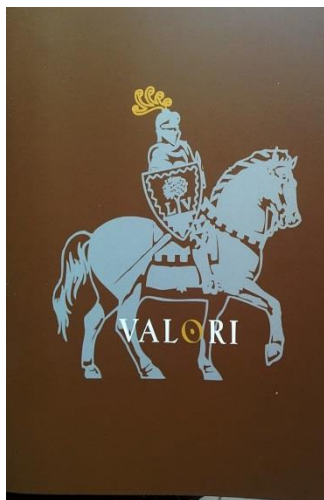

Sesto is proud to introduce you to some of the finest wines from his home town!!

For years, thanks to the entire De Angelis family’s commitment, the winegrowers have cultivated their own grape vines from native varieties of grapes such as Pecorino, Passerina, Montepulciano, Sangiovese, etc. for the vinification of wines from their own state-of-the-art cellar (8 meters underground). Using traditional methods and carefully selected barrels, made of oak and barrique, as well as old concrete containers passed down from Nonno Amilcare, their aim is to ensure enjoyment for anyone who drinks one of “IL CONTE VILLA PRANDONE’S” fine wines.

I’m certain everyone will find a wine to satisfy their taste! *Sesto*
